CREATIVE BRIEF

**Babylon
ARTS**

Brief Setter:

Liz Falconbridge

Freelance Arts & Culture Consultant and freelance consultant for Babylon ARTS.

Babylon ARTS' mission is to develop creativity and connect communities with arts and culture. Our work aims to enrich more people's lives through our Creative Communities and Creative Spaces programmes. We run a contemporary, professional and community arts space called the Babylon Gallery and the local independent cinema.

Our projects are delivered across East Cambridgeshire, Fenland and West Suffolk, including MarketPlace, which is part of the national Creative People and Places programme.

Brief Title: Selection of Artworks (Curation)

As Arts and Engagement Intern at a regional art gallery you have been asked by the Curator to select artworks for an exhibition during the busy summer holiday period. You curate the exhibition: from researching your artists/artworks to planning activities to engage your audience and designing the exhibition poster.
